

## Learning Agreement Template for Direct Exchange Students\* at ASH Berlin

If you're applying as a direct exchange student, a Learning Agreement (i.e. a list of courses you wish to attend at ASH Berlin) is required. You may use this document as a template or another form provided by your home university, as long as it also contains the required information (your name, name of your home university, course details: course no., course title, term, no. of ECTS credits as well as your signature. Especially our Swiss partner universities provide their own form, so please use that instead of this template.
